MR. J. V. JOHNSON, a subscriber to this paper at Gravel Switch, writes us that we have done Rev. C. M. Humphrey an injustice in saying that he should be treated to a coat of tar and feathers for insulting Mrs. Grow, and we reiterate that he should be if he did insult a lady. But Mr. Johnson writes that Rev. Humphrey is not guilty and that two juries in one day failed to convict him, the preacher declining to employ an attorney or secure witnesses in his own behalf. Hence this statement. Having never heard of Rev. Humphrey before, that we know of, we could have no earthly desire to do him an injustice and we cheerfully set him aright in the eyes of our readers. We have no patience nor feeling, whatever, for a person mean enough to treat a woman wrong and especially do we loathe that creature if he be a preacher. We are glad to have information that Mr. Humphrey is not of that sort.

In the Equitable investigation it has been shown that one of the neatest ways of using the funds of a life insurance company for the benefit of its officers is to keep its funds on deposit in trust companies which the officers and directors own. At a recent date the Equitable had \$34,000,000, the Mutual Life \$17,000,000 and the New York Life \$16,000,000 so deposited. For these funds the insurance company gets 2, or perhaps 3 per cent. If it had put the money into investments it would have gotten 4 or something more. Then if the insurance company needs money it borrows of its own subsidiary company at 5 per cent. It is a great graft for the directors who hold shares of the subsidiary trust companies.

RICHARD P. ERNST, Chairman of the State Republican committee, did not accept the invitation of the Denton faction of Pulaski county to resign, but proceeded to shoot it further in the neck by declaring that Napier Adams, circuit clerk, was Chairman of the Pulaski county executive committee, and that the convention called for September 12 is a legal convention and properly called. The Denton chairman call was therefore declared illegal, null and void.

It costs something to play base ball, as the following will show: Over \$2,577,000 is paid out in salaries to the professional base ball players of the United States each year. Over \$2,500,000 is paid in other salaries and in expenses of maintaining the grounds of the professional clubs, about \$800,000 in railroad fares, about \$100,000 in sleeping car fares, about \$125,000 in training expenses and perhaps \$500,000 in additional expenses.

ONE by one the Southern States are adopting the reformatory method for juvenile criminals. The Georgia Legislature has just passed a bill establishing such an institution, profiting by the experience of Kentucky and other more progressive States that it is cheaper and better to reform a youthful criminal than to let him grow up for the penitentiary or the gallows.

The land is in a splendid state of cultivation and produces the very best crops of corn, wheat, hemp and tobacco. The residence, which with a large portion of the farm, is in the corporate limits of the town of Hustonville, is of stone and contains seven rooms, with cellar and full size of house. Two good orchards on the place. The town of Hustonville has a splendid graded school, which is only about an eighth of a mile from the residence house on this farm. Mr. James P.
